## Roosevelt, Stalin, Churchill Accord Doooms Nazi Hopes

British Newspapers Say Fateful Hour For Nazis is Near As Meeting Result

LONDON, Feb. 8.—(AP)—Announcement that the "big three" have reached speedy "complete agreement" on military prosecution of the war today doomed Nazi hopes that a disagreement among Roosevelt, Churchill and Stalin might delay or upset the total defeat of the Reich.

This was reflected in the defensive tone taken by Berlin propagandists in broadcasts to embattled German troops nine hours after it was announced officially that the historic conference was in full swing in the Black sea area.

"The Allies want to get the German people to surrender," the Berlin radio said. "In past years the enemy could not persuade the German people to capitulate. They will not succeed now either."

Izvestia, official Soviet newspaper, was quoted in a Moscow broadcast as saying the conference shows that German hopes of discord among the Allies have utterly failed again.

"The final phase of the war will see the carrying out of the death sentence passed by all freedom loving humanity on Hitlerite Germany," Izvestia said.

### Postpone Frontier Discussion

Meanwhile there was a growing belief here that the big three conference would postpone discussion of Europe's postwar frontiers until France can be included in the negotiations.

Gen. Charles De Gaulle has demanded a strong role for France in the post-war policing of Germany and Acting Secretary of State Joseph Grew in Washington reaffirmed yesterday the United States' "full realization of France's vital interest in the solution of the German problem."

Acting in the absence of Prime Minister Churchill and Foreign Secretary Anthony Eden, British Minister of State Richard Law told the house of commons yesterday that Britain believed reshaping of European frontiers "must be decided later by all the powers together."

British newspapers said the fateful hour for Germany was near as a result of the conference and that "Germany definitely is beaten."

LONDON, Feb. 8.—(AP)—The Netherlands government has challenged the right of the major powers to judge all charges against smaller nations and has proposed stronger positions in the proposed world security council for the smaller countries, a reliable source said today.

This source said a 6,000-word document from the Dutch on the subject was on the conference table before President Roosevelt, Premier Stalin and Prime Minister Churchill. The document hinted that the Netherlands might hesitate to join a world security organization as planned at Dumbarton Oaks if Soviet Russia's proposal to enforce unanimity of rule among the five permanent members of the council was adopted, the source said.

## Want to Burn Every Jap City

MANILA, Feb. 8.—(AP)—Russell Brines, Associated Press war correspondent once held at Santo Tomas by the enemy, said men, women and children huddled against walls in the rear of buildings in Manila.

"Fear was plainly written on the faces of these thin people who prayed that the enemy shell fire would not destroy their freedom," he reported.

(Arthur Feldman, Blue network war correspondent said angry doughboys were impulsively demanding "Let's burn every Japanese city to the ground" and Filipinos were sobbing apologetically, "We wanted you to see our city and now you cannot see it.")

There was marked confusion within the city. Groups of uniformed Filipinos wearing guerrilla arm bands, wandered about. Homeless refugees streamed out of fire-swept sectors.

As sporadic shelling and street fighting progressed, one official source acknowledged that it was impossible to assess the situation correctly.

### Bounties on Wolves

The county court paid three bounties on wolf scalps taken to the county clerk's office. They were paid to Charles Hayworth \$14 for two scalps and \$7 to V. C. Duffey for one scalp.

## 'Big Three' Are Meeting on Russian Soil

MOSCOW, Feb. 8.—(AP)—The "Big Three" are meeting on Russian soil, press and radio announced today.

The news was a prime topic of conversation in Moscow, but the official announcement came too late for comment by the morning press.

(Announcements in Washington and London said the meeting was being held in the Black sea area. One of the principal Russian cities in the Black sea area is Odessa.)

The Moscow radio announced the meeting shortly before midnight and repeated it twice before shutting down at 2 a. m.

Newspapers printed the announcement at the top of page one under the heading "Conference of leaders of three Allied powers—Soviet Union, United States and Great Britain."

## Law Relative To State Fair Is Held Valid

1945 Exposition Must be Held To Retain Land

Ernest W. Baker, secretary of the Missouri State Fair, who has been before committees in Jefferson City recently in the interest of appropriations for the fair, has had the support and assistance of Senator W. W. Blain and Representative Harvey Dow.

Approval of funds for \$125,000 by the house appropriations committee were announced Wednesday.

The fair was not held in 1943 and 1944 because of the war, but according to section 15155, Article 9, Chapter 102, R. S. of Missouri, "Should the state fail for three consecutive years to hold a fair the land thus used for state fair purposes shall revert to the parties donating it."

### Might Lose Grounds

Failure to have a fair this year might mean the loss of the grounds as the above section of law has been held valid in a recent opinion given by W. O. Jackson, assistant attorney general of the state of Missouri, who states as follows:

"It is the conclusion of this department that there is a valid reason for the retention of the clause in Section 14155, that by that clause and the deed by which the state acquired title to the one hundred thirty-six acres of state fair property a valid reversion was vested in the donors and their heirs. That portion of the statute quoted could not be lawfully repealed."

In addition to the 136 acres originally purchased another 100 acres has been added and the plant now consists of 236 acres.

## Back from Aleutians Visits Relatives Here

Staff Sergeant and Mrs. Paul S. Jeffries are here for a visit with his mother, Mrs. Burleigh Jeffries, his grandparents, Mr. and Mrs. J. W. Palmer and his aunt, Miss Hazel Palmer, 901 South Vermont avenue.

Sgt. Jeffries recently returned from the Aleutians where he spent twenty-eight months. He is now stationed at Camp Swift, Texas.

Sgt. and Mrs. Jeffries will also go to Bonne Terre, Mo., for a brief visit with Mrs. Jeffries' parents, Mr. and Mrs. M. D. Kohut.

### Services for Murlin E. Smith

Memorial services for Technician Fifth Grade Murlin Edwin Smith, son of Mrs. Dora Hess, 1402 East Fourth street and Ervin Smith, route 1, Sedalia, will be held at the East Sedalia Baptist church at 2:30 o'clock Sunday afternoon. Rev. Hallie Rice, pastor of the church will have charge of the services.

The young man, who was twenty-four years old was killed in action on Leyte Island in the southwest Pacific, on November 12, 1944, according to a message received by his mother on December 12 from the War Department. He was one of the first young men from Pettis county to volunteer for the armed forces and entered service four years ago. He went overseas May 1, 1942.

He is also survived by two brothers, S. Sgt. Kenneth Smith and Ervin V. Smith, seaman 1/c, one sister, Mrs. Darlene Brown of Kansas City and three half sisters, Norma Hess, Ina Hess and Mrs. Stella Tye all of the home.

On February 5, 1945, Mrs. Hess received the purple heart and the presidential citation awarded posthumously to her son.

Enemy demolition squads blew up the Philippine National Bank, Philippine Trust, Chartered bank, Bank of India, and Hong Kong Shanghai bank.

Tangle of Charred Steel  
Heacock's, Manila's largest department store and one of the tallest buildings in the city, was destroyed. Its colorful crystal arcade looks like a gigantic tangle of crooked, charred steel.

Buenacino said that practically half of Chinatown, one of the heaviest populated and oldest districts of Manila was leveled by a Japanese mine-laying detachment. Many Chinese perished in the raging fire.

All day yesterday Chinese poked through debris, searching for the bodies of missing relatives and friends.

Two nights ago, Buenacino said, all residents of one section were lined up by Japanese soldiers in front of a hardware store. The reporter said:

Japanese Threats  
"A half drunk Japanese officer, brandishing a Samurai sword, shouted, 'For two years we Japanese have tried to liberate you Filipinos. But you are all pro-Americans. Now I will kill you all.'"

"But an elderly Japanese civilian intervened and pleaded with the officer. After a long harangue the officer agreed to spare the civilians but said, 'You may all go (Please turn to Page 4, Column 3)

## Pfc. Coy Forest Brown Wounded in Action

Pfc. Coy Forest Brown, who was serving with the 94th division of General Patton's Third army has been wounded in action according to a message received by his wife, Mrs. Coy F. Brown, 1906 South 20th avenue. He is now in a hospital. The message stated that he had been wounded in the right leg and knee.

Private Brown entered service on November 30, 1942 and has been overseas since August.

## Freed

Lt. Dorothy Bell Schell of Independence, Mo., (above) was one of more than 60 army nurses freed from Japanese internment in Santo Tomas during a visit of Gen. Douglas MacArthur, one landing within 100 feet of the five-star general, ripped into the main building after he had left.

## Sgt. Royce W. Hall Wounded in Action

Mr. and Mrs. A. B. Hall, 1911 South Quincy avenue, received a telegram this morning stating that their son, Sgt. Royce W. Hall, was slightly wounded in action in Luxembourg January 24. More detailed information will be sent later. Sgt. Hall went overseas in May.

## Pasig River Front Line In Manila

Liberating Yanks Trying to Save As Much of City As is Possible

By Fred Hampson

MANILA, Feb. 8.—(AP)—The Broad Pasig river, its bridges blown up by a desperate foe, was the front line today in the heart of Manila—a heart torn by sporadic house-to-house fighting, exploding shells and great fires set by Japanese suicide squads.

The sprawled and blackened bodies of slain Japanese, among 48,000 enemy casualties so far accounted for on Luzon, dotted scenes of wanton destruction in the liberated sector north of the river. South of it, demolition groups started more fires.

The liberating Yanks, whose Luzon casualties total 7,076, are superior in armored might and have a monopoly in air and naval support but desire to save as much as possible of this pearl of the Orient.

Artillery duelled across the Pasig, a river varying from 200 to 300 yards in width. The screaming shells of the Nipponese tore holes in buildings at Santo Tomas

By The Associated Press

The puppet Philippine government headed by President Jose Laurel has fled from Manila to northern Luzon, the Japanese Domei news agency said today.

University. They wounded soldiers there and also some of the more than 3,000 internees who had undergone three years of imprisonment prior to being reached Saturday night by the first Yanks to enter the city.

Hold Northern Section  
The First cavalry and 37th infantry divisions have won all the city north of the Pasig, including the Escolta business district where the enemy devastated a square mile area of office buildings and other non-military structures by firing gasoline drums and touching off explosives.

Japanese still operated in strength south of the river. Some American troops also were on the south bank but the destruction of four big bridges delayed a crossing in strength.

The fate of these Japanese was sealed by the presence of the U. S. 11th airborne division below them. These Yanks, five and one half mile south of the Pasig, were held up, however, by a stiff scarp around Nicholas airfield at suburban Pasay, near Manila Bay.

Out in the Bay, the guardian fortress of Corregidor, which the Japanese are holding to deny American naval entry into the great harbor, was pounded anew by 204 tons of explosives dropped by four-engine Liberators. It was the heaviest blow so far dealt "the rock."

Jungle Fight  
Across the bat at Bataan, a grim jungle fight the peninsula base between U. S. 38th Division Yanks and well-concealed Nipponese was reported by Associated Press Correspondent James Hutcheson.

Fires set by the enemy north of the Pasig river Monday night were smouldering but other fires sprang up Wednesday south of the river—that part of Manila best known to tourists. The south sector includes the Manila hotel, the Army and Navy club and the high commissioner's residence.

Enemy shells which cratered the Santo Tomas campus Wednesday during a visit of Gen. Douglas MacArthur, one landing within 100 feet of the five-star general, ripped into the main building after he had left.

## Berlin, Witnessing Piercing of Oder Line by Reds, is Panicky; US Driving Through Barriers

Take Bloody Schmidt And Near Roer River Dams And Reservoirs

By James M. Long

PARIS, Feb. 8.—(AP)—The American First army drove clear through the last barriers of the double Siegfried line 15 miles southeast of Aachen today, captured bloody Schmidt and neared the Roer river dams and reservoirs which had been a major factor in checkmating the western front offensive last November.

(The German communique said "preparations for the big Allied attack continue along the Roer." The enemy said a major offensive was imminent with Cologne, the Rhine and industrial Ruhr as objectives. American troops outside Dueren are 20 miles from Cologne. Capture of the dams might prove the starting signal for the onslaught.)

The largest of the dams, the 985-foot thick Schwammenauel, is just over two miles from Schmidt. A combat team of the 78th division reached the northern bank of its vast reservoir.

The dam system is capable of sending an 18-foot wall of water down the 36 miles of the Roer to Roermond. Any troops which had crossed the Roer to the Cologne plain last fall could have been trapped by German made floods within four hours.

### Through Breach

Third army soldiers poured on through another breach in the west wall farther south to within a mile and a quarter of Pruem.

The attacks of the American First army in the Roer headquarters area and the American Third army in the Eifel mountains gained the proportions of a major offensive.

The 78th Lightning division drove into the anchor bastion of Schmidt last night and had virtually cleaned it out by daybreak. Nearby Kommerscheid was occupied.

The 310th regiment, commanded by Col. Earl M. Miner, Bridgeport, Conn., took the village. Another combat force drove along the north banks of the Schwemmenau reservoir, backed up by the biggest dam in the system. Schmidt is 13 miles inside Germany.

Pruem, a major transit center for German defenses in the center of the Siegfried line, was approached by Third army troops from several directions. The nearest column came within sight of the town, capturing Obermehlen, just to the northwest.

Fortify New Positions  
Lt. Gen. George S. Patton, Jr., swiftly fortified his new invasion positions on the 24-mile front where four of his divisions were fighting in the west wall fortifications.

(Berlin spoke again of an imminent Allied offensive along the Roer, and said the U. S. Seventh army had attacked on the Saar front. The enemy asserted that "the cast of Aachen between Dueren and Schleiden most probably will be the right flank of the impending offensive and we know very well that this period is only the lull before the storm.")

Lt. Gen. Courtney H. Hodges' First army, which also has knifed through the double Siegfried line at the headquarters of the Roer, moved through squalls down the last two miles to the German held dams controlling nearly 200,000, 000 cubic yards of water which could flood out the American Ninth and British Second armies along the Roer to the north.

## Japan Expects Germany to Crush Allies

By the Associated Press

A message saying Japan "confidently expects" Germany to crush the Allies was delivered to the German ambassador in Tokyo today, the Japanese Domei news agency reported.

It read: "The Japanese nation confidently expects that Germany, true to her glorious tradition, will muster her will power and successfully fulfill her God-given mission of defending the fatherland by crushing the enemy."

The broadcast, recorded by the federal communications commission, said a note handed to Premier Benito Mussolini's charge d'affaires urged "the Italian people to exert their utmost at this moment when the war situation confronting the Axis countries has entered upon a most serious stage."

## Yanks Forced Back in Italy

Meet Strongly Fortified Enemy Positions

By Noland Norgaard

ROME, Feb. 8.—(AP)—The limited offensive of the American Fifth army troops in the mountains to the southeast of Bologna was stalled today against strongly fortified and heavily defended enemy positions, the Allied high command announced.

The doughboys were halted after forcing their way forward up to 600 yards in two days of bitter fighting in weather conditions made difficult by a sudden thaw in the Apennines mountains.

Attacking troops gained the crest of one ridge but were forced to dig in and were engaged against counter attacking Nazi troops yesterday.

German resistance to the attack, which opened Monday, was vigorous and prompt and included artillery support.

Resistance Stiffens  
Enemy resistance stiffened also in the Serchio valley, where the village of Colle was taken. Fifth army units lost some ground a mile north of Castel Vecchio but regained it in a new thrust and beat off several enemy counterattacks.

A report from headquarters of Lt. Gen. Lucian K. Truscott, Jr., commander of the Fifth army, said the American attack reached the base of Orbea ridge nine miles southeast of Bologna and only seven miles by road to the south of the main Bologna-Faenza highway—via Emilia—on Tuesday afternoon.

Activity on the Eighth army front still was confined to limited patrolling.

## Moscow Radio Reports Himmler Has Massed Troops In German Capital

LONDON, Feb. 8.—(AP)—Red army troops have captured the road junction of Kreuzberg, 13 miles south of the East Prussian capital of Koenigsberg, Moscow announced today.

LONDON, Feb. 8.—(AP)—The Moscow radio said today the "Oder line has been pierced and Berlin in panic is witnessing the crumbling of the last obstacle in its foreground."

A prior broadcast by an American chain commentator said Marshal Stalin's capital was hourly expecting an official announcement that the First White Russian army had smashed across the river in force, "signifying the complete breakdown of the Oder line."

Berlin accounts said the Russians had hammered out seven bridgeheads on the Berlin front, one of them 30 miles northeast of the capital, and a dozen others along 185 miles of the river from Ratibor in Silesia to Gruenberg, 50 miles southeast of Frankfurt.

The Moscow radio said Heinrich Himmler had massed SS troops in the capital. Roads south and west of Berlin were reported jammed with traffic or refugees in flight.

While Marshal Stalin had not confirmed the breaking of the Oder line on the Berlin front, Soviet advisers said Marshal Gregory Zhukov's massed artillery was pounding at the weakest link of the capital's defense, the low western bank of the Oder between Kuestrin and Stettin, where it runs northeast of Berlin.

Berlin said one bridgehead was at Goeritz, 5 1/2 miles south of Kuestrin and 41 miles east of Berlin.

### Defense Council Formed

The broadcast from Moscow said Himmler had been entrusted with the defense of Berlin and a defense council had been formed in the city.

Gauleiter Paul Joseph Goebbels, originally entrusted with the city's defense, had fled to southern Germany, Moscow declared. The Germans yesterday denied that Goebbels had left.

Officially, Moscow blacked out the progress of the fierce battle on the west side of the stream and told only of the liquidation of additional German pockets on the east side of the river.

But Moscow dispatches said Kuestrin, 40 miles east of Berlin and one of the chief fortified areas guarding the capital, was about to fall, with Soviet tommygunners fighting in the streets under cover from artillery batteries stationed only two miles from the northern outskirts.

The Soviet communique, telling of 5,000 more Nazis killed in a single day on the central Oder front, said the battle had moved into the "fortified forefield of Berlin."

German military commentators said Kuestrin was under "concentric attack by strong Russian formations."

## United States Casualties

WASHINGTON, Feb. 8.—(AP)—American combat casualties since the beginning of the war have reached 764,584, the Army and Navy disclosed today.

Secretary of War Stimson placed the army's losses at 676,796 while the navy listed its total at 87,788. This represented an overall increase of 27,242 since last week's report.

Stimson said the army casualties represented a compilation of individual names received in Washington through Jan. 28 and reflected battle developments at the end of December and the beginning of January.

The secretary said 865,000 Germans have been taken prisoner on the western front since the invasion last June.

A breakdown on the army's casualties and corresponding figures for last week follows: killed 130,266 and 121,676; wounded 39

WASHINGTON, Feb. 8.—The inside story of how certain U. S. agencies were blocked in their effort to build up an anti-Hitler committee of Germans to help defeat the Nazis can now be told. It is especially significant in view of the committee of 10,000 Germans which the Russians have organized inside Russia, and whose broadcasts to the German people from Russia speed the amazing advance of the Red army across Poland.

The German committee inside Russia is headed by Field Marshal Friedrich von Paulus, former commander at Stalingrad and by his deputy commander, Gen. Wilhelm von Seydlitz. Their broadcasts have told the Germans and especially the German generals that the Russians do not seek to destroy their factories or their country, but only to throw off the yoke of the Hitlerites. They have also contacted many German generals and won over thousands of prisoners without firing a shot.

More than two years ago, Gen. William Donovan's office of strategic services started to do the same thing. They actually organized an embryo committee of anti-Hitler Germans, headed by a minister in the old Bruening cabinet, who also was a strong Catholic leader. (Bruening is now teaching at Harvard.) Most of the German committee were Catholic moderates or leftists, all strong anti-Hitlerites.

However, a few weeks after the committee was started, the state department heard about it and suddenly called a halt. OSS officials always suspected the hand of Hugh Wilson, ex-ambassador to Germany, in this. Wilson, then a member of the OSS, had leaned toward rightist German groups when he was ambassador to Berlin and had little use for groups of the left. His colleagues in the OSS, however, believed that the way to build a counter-political attack against Hitler was with strong Catholic leaders of the left and center.

At any rate the American move to work inside Germany through the office of strategic services was stopped short in its tracks, while the Russians continued to build up their powerful German committee.

### Psychological Warfare Stymied

Meanwhile, however, the U. S. army had set up its psychological warfare division which was to spread propaganda inside Germany, though on a more modified scale. However, its work also has been stymied in many areas through the failure of old-line army men to understand the value of psychological warfare.

For instance, plans were drawn up for the psychological warfare division to establish a German-language newspaper as soon as we took Aachen. Aachen was to be a guinea-pig, providing experience for PWD in overseeing production of newspapers for the German population. When the city was taken, PWD immediately sent three men from Paris to survey the facilities in Aachen for presses and equipment, newsprint and skilled personnel.

Thus far nothing has been accomplished — in fact, the divisional commander at Aachen has not yet permitted the PWD team inside the city. There were sev-

## Looking Backward FORTY YEARS AGO

George Gilpatrick, formerly a pitcher for the Sedalia baseball club, has signed to twirl this season for the Portland league. "Gill" is a good one and ought to make good on the coast.

The Missouri, Kansas and Texas Railway company yesterday created a new office, that of general agent of the mail department, and appointed G. B. Lindsay to fill the position. He will enter upon his duties at once.

Two carloads of building and decorative material from the World's Fair have arrived in the

eral weeks prior to the German break-through of December during which the newspaper could have been started, but nothing was accomplished, and there has been no progress since. Result is that our forces will break into Germany and take over scores of German newspapers with no part of the army yet having had any experience in directing a German newspaper.

Meanwhile the Russians have built up an organization ready to set up a complete new German government with its own propaganda system all operating under the direction of Moscow.

**Congressman Explodes**  
Representative Dewey Short of Missouri gave the brass hats some of the plainest talk heard on the floor of congress for a long time. He accused them of trying to cover up their mistakes by demanding passage of the work-or-fight bill.

"Generals and admirals should stay in their place," stormed the leading Republican congressman from Missouri. "They have an applied science to prosecute this war.

city, and are being unloaded at the Missouri State Fair grounds. This material was recently purchased from the management of the World's Fair, at a small price.

J. M. Anderson and Co., the St. Louis Wholesale Grocers, represented here and throughout Central Missouri by John L. Guerrant and Co., have put a new up-to-date delivery wagon in commission in this city. The vehicle is a beauty, and a model of superior workmanship.

County Clerk Nat. Lower has gone to Tipton and Versailles on business.

They are the military strategists. A lot of these parlor generals and pink-tea strategists you see in Washington come up to your office and try to tell you how to win this war. What right have the military to tell business, labor and industry men who are qualified by life-long experience what to do? Industry and labor are both opposed to this bill." (Short referred to the work-or-fight bill.)

"What is it for?" continued the gentleman from Missouri, "to cover up mistakes and miscalculations? Bickering and bungling on the home front? The only trouble between a civilian and a general is that the army is never wrong. Was it ever wrong? I served and you served in it. Was it ever wrong? Never. They are infallible, impeccable and Christ-like on this earth. I will not say where they will go after."

Here Short spoke of the optimistic calculations of an early end of the war issued by U. S. military leaders as long ago as 1943. He also accused the army of responsibility for present-day production

difficulties because "they canceled contracts; they terminated contracts; they closed one factory after another all over this country and threw thousands of people out of employment."

His colleagues who were supporting the May bill — both Republicans and Democrats—did not escape the wrath of the fiery Missourian.

"We have men over here on the Republican side who worship stars and love gold braid," Short admitted.

"Of course, politics were played last fall," he continued, "but I will not even go into that because I do not want to prejudice nor weaken my case with some fellows over here who are tottering mugwumps. You know, a mugwump is one who has his mug on the wrong side of the fence and his wump on the other. You care more for your little seat in this house than you do for the welfare of this country and the safety of our boys."

## Uphold Bonds To Purchase Plant

JEFFERSON CITY, Feb. 8.—(AP)—Issuance of \$6,750,000 worth of revenue bonds by the City of Springfield to finance municipal ownership of gas, electric and transportation utilities was upheld Wednesday in a unanimous opinion of the state supreme court.

Every contention of four taxpayers who challenged legality of the bond issue was upset in the opinion of the court en banc, written by Judge Laurance M. Hyde.

The city contracted last September to buy all the common stock of the Springfield Gas and Electric Company from Federal Light and Traction Company.

The circuit court upheld objections that the bonds were unconstitutional, regarding the bonds invalid and enjoining the city from issuing them.

But on the city's appeal, the high court declared "we think it is clear that such cities are given authority to issue bonds payable only from income derived from any public utility to be acquired."

Contentions that the purchase price of \$6,750,000 was "exorbitant" and that the city ordinance creating the bond issue was "equivalent to a mortgage" both were spurned by the court, which declared they "are not supported by the record."

## Fruit Trees Purchased For County Home

The county court Wednesday afternoon purchased 54 apple trees, 12 cherry trees, 24 peach trees, eight pear trees, nine plum trees, five apricot trees, 66 grapevines, 110 blackberry, 110 raspberry and 10 gooseberry trees, to be planted at the county home.

Work on the setting out the trees and plants will be supervised by J. U. Morris, county agriculture agent and representatives of the Agriculture School of the University of Missouri.

Air Commodore H. A. C. Sanderson, of the air ministry, was listed among the injured. Those missing and believed killed were Capt. W. H. Finch, of the war office, and four crew members.

## Pvt. D. D. Fulks Is Prisoner

Private Donald Dean Fulks, son of Mr. and Mrs. B. L. Fulks, La-  
tham, Mo., who was reported missing in action since October 19 in Germany while with Gen. Hodges' first army, is a prisoner of the Germans.

This information was conveyed to his mother Tuesday, Feb. 6, in a message through the American Red Cross received by the California chapter and was the first word concerning him since reported missing.

The young soldier, a nephew of

Mrs. Rose Fulks, 719 East Sixteenth street, this city a couple of years ago worked in the Howard Roberts grocery on East Third street and stayed while here at the Fulks home. Leaving here he went to Kansas City and after entering service was assigned to the infantry. He went into the army in 1933 taking his basic training at Camp Blanding, Fla., later being at Fort Meade, going overseas in April 1944. On landing in England he was assigned to a division of the army forces that went into France on D-Day.

### CHICAGO—THE YOUNG GIANT

FOR about four decades of the last century—from 1840 until well into the 1880's—Chicago grew more rapidly in population and in commercial importance than any other community in the world. It was like a nearly lad who outgrows his clothes before he has had time to get used to them. One strange feature of this button-bursting expansion is that the site of Chicago was about the last place along the shore of Lake Michigan where the birth of a metropolis. The town stood at the mouth of the Chicago river, which at that time was too shallow for navigation. The land was low, wet and malarial. The ground on which the city's principal business section stands—now known as the Loop—was a marsh only a few inches higher than the level of the lake.

In 1837 the Illinois legislature had incorporated the community as a city under the name of Chicago.

Its fame in popular speech was Slab Town, and so it was known far and wide. It was called Slab Town because every house in the community was a hastily flung-together, boxlike structure of boards and slab Town the place had still another name, evolved from the experiences of strangers who had unwittingly tried to dash across a street in rainy weather. By them it was called the Mud Hole of the Prairies.

The new little city had a population of about 4,000, made up chiefly of fur traders, grain buyers, wagoners, blacksmiths, gamblers and shopkeepers—as well as a lot of idle adventurers, ready for anything except hard work. In manner or deportment its residents were like those of other new towns of the Middle West. They drank their tumblers of raw

whisky, gambled excessively, danced all night, whooped and yelled and fired guns and pistols frequently, with or without adequate incentive. Murders occurred too often to attract much attention.

**BUT** neither mud nor murders held Chicago down. In 1857, 20 years after its incorporation, the city had 93,000 inhabitants and newcomers were still arriving in an unbroken stream. It had 10 first-class hotels—among them the Tremont, a four-story brick structure—besides 40-odd hostleries of lower degree. There were a dozen banks, a newspapers and periodicals of various kinds, and 1500 business establishments. It was the terminus of 11 trunk line railroads, and more than 100 trains arrived or departed every day. It was no longer called Slab Town but the derivative name of Mud Hole of the Prairies still remained. After every rain the black prairie soil became a vast mud puddle, with shallow ponds of muddy water standing in the streets.

In 1855 engineers and drainage experts who had studied the situation concluded that the only practicable solution was to raise the whole area 12 feet above the level of the lake by covering it with fresh soil.

It was a prodigious undertaking, and Chicago tackled it with the energy of muscular youth. Two square miles of land—streets, gardens, lawns and back yards—were eventually covered with earth, dredged up from the bed of the river, for channel-deepening job was going on at the same time.

**NOTHING** could stop the rushing progress of the wonder-city of the Midwest. By 1870, its population had grown to 300,000. Farms in the prairie were surrounded, no longer allowed by the advancing city, no poor farmers, to their own amazement,

found themselves rich from the sale of their land. As a meat-packing center Chicago had passed Cincinnati. Seventeen huge grain elevators, with capacity of 12 million bushels, raised their tall heads alongside the freight yards. Chicago wholesale houses had become the largest of their kind, and their salesmen were to be found traveling all over the western states, selling goods to a legion of retail merchants.

Stone sidewalks had been laid in the downtown business section, but the rest of the city—even in the wealthy districts—still tripped along on planks. A huge sewage system had been established; it had only one serious fault—it wouldn't work. On the lake shore rose the palatial homes of the new-rich; some of them were marble palaces. Along the Chicago river, and north, east and south were the homes of the laboring poor; some of them were muddy hovels, made of rough boards.

The city was always full of strangers who had come to better their fortunes, or to escape the consequence of their misdeeds, or to avoid their creditors. But there were also many decent workmen who hoped to obtain work in a railroad, hop or an industrial plant, for Chicago employers were said to pay higher wages than those prevailing in the east. The boisterous city of glamor and mud, of fortunes and loose spending, also attracted a swarm of gamblers and plausible swindlers.

Young men who were just beginning their careers, or who had not been able to find a place for themselves at home were probably most numerous of all the newcomers.

One of these young men was Jeff Martin, who arrived in Chicago the fall of 1871, having come from his home town of Annapolis, Md.

## Missouri's LIVE STOCK

WITH its 16,000,000 acres of rich rolling pasture lands, economical feed, short winters and plentiful water, Missouri is a great live stock state—both in show animals and the high quality meat animals that go to adjacent markets.

Kansas City has been called the Hereford Capital. The oldest herd of shorthorn cattle in America is in Missouri. Angus and other breeds thrive here equally well.

Missouri ranks third in hogs—producing more hogs per acre of corn grown than any other state. As a sheep state, Missouri ranks high, both in quality and quantity. Missouri spring lambs bring premium prices.

These are among the achievements of Missouri farmers, who play such an important part in providing the food supply of a nation at war—armed forces and civilians, too—and who will be equally important to the welfare of state and nation in the years of peace to come.

## SOCIETY

Mr. and Mrs. W. H. Cronhardt of south of Knob Noster celebrated their forty-first wedding anniversary, which was Wednesday, February 7, on the preceding Sunday.

Dinner consisted of turkey and the trimmings, with those attending contributing to the meal.

Present were: Mr. and Mrs. Arch Cronhardt, Mr. and Mrs. Malvern Lynde and children, Dale and Dorothy Jeanne, Mr. and Mrs. Lester Fockler and daughter, Mary Elizabeth of Knob Noster, Mrs. C. J. Cronhardt of Kansas City, Mr. and Mrs. Elmer Fockler and children, Facon and Phillip Wayne of Windsor, and Mr. and Mrs. W. H. Cronhardt.

Mr. and Mrs. J. W. Young gave a turkey dinner at their home, southeast of Knob Noster, Saturday evening in honor of their son, Pfc. Jack Young, who arrived Thursday from Kirtland Field, Albuquerque, N. Mex., to spend a furlough with his parents.

Present were: Pfc. Young, Mr. and Mrs. James C. Kirkpatrick and son, Don Wallace of Webster Groves, Mr. and Mrs. George Young and daughter, Barbara of Warrensburg and Miss Eleanor Woody.

Mr. and Mrs. Lawrence Fuller and sons, Sammie D. and Lawrence Michael, gave a dinner at their home north of Knob Noster Sunday in celebration of Mrs. Fuller's birthday anniversary.

Present were: Mr. and Mrs. Charles Yancey, daughter Betty and sons, Forrest Gene and Charles Marion, of Pittsfield; Mrs. Myrtle Fuller, Mr. and Mrs. J. W. Grandstaff and children, Charley Bill, Flo Ellen and Linda Pearl; Mr. and Mrs. Reuben Fuller and son, Jimmie Bill; Mr. and Mrs. Jess McCormack and children, Patty Ann and Jesse Marion; Mr. and Mrs. Lawrence Bartels and son, Harold, and Mr. and Mrs. Wilbern Noel.

Mrs. Frank Chapel of Jefferson City, state president of Missouri Federated Garden clubs, and her sister, Mrs. Robert Phelan of Sedalia, met with a group of La Monte townswomen at the home of Mrs. Ida King Tuesday afternoon and organized the La Monte Garden club. Mrs. Chapel's thorough explanation of the work of garden clubs and the possibilities of improvement and beautification in the community met with enthusiastic response from the group.

The following officers were installed by the state president in an impressive ceremony: president, Mrs. C. N. Moore; first vice president, Mrs. Lowell Reavis; second vice president, Mrs. Ida King; recording secretary, Mrs. H. A. Wade; corresponding secretary, Mrs. J. D. White; treasurer, Mrs. Elizabeth Andrews; parliamentarian, Mrs. Maggie Conner; librarian, Mrs. Clyde Swope.

The executive board, in a meeting to be held in the near future, will determine meeting dates and formulate plans for future work. Refreshments were served by the hostess, assisted by Mrs. Elizabeth Andrews.

Relatives at Houstonia have received announcement of the marriage of Miss Bettie Killion, only child of Mr. and Mrs. Clarence E. Killion of Dixie, Wash., to Mr. Dale Sorenson, son of Mrs. M. Sorenson of Waitsburg, Wash. The ceremony was performed January 10 by the Rev. Harold C. Paul in the Nazarene church of Dixie.

A reception followed at the home of the bride's parents. The couple has returned to Waitsburg after a short honeymoon to make their home.

The bride's mother is the daughter of Mrs. Ocie Wicker of Houstonia. Bettie was born and attended primary school in that community. The Killions, also a former Houstonia family, moved first to Idaho, then to the state of Washington.

The Green Ridge Garden club met Tuesday afternoon at the home of Mrs. True Ulmer, who was assisted in hostess duties by

## Waiting for Reassignment

Reporting to the Army Ground and Service Forces Redistribution Station in Hot Springs, Arkansas, Pvt. Cecil E. O'Brien, Sedalia, is now living in one of the four major Hot Springs hotels acquired by the Army to house the new installation.

Veteran of 26 months overseas combat in the European war theatre, Pvt. O'Brien returned to the United States in August. Prior to reporting in at Hot Springs he spent a 21 day furlough with his mother, Mrs. Lizzie O'Brien, at 702 South Marshall avenue, Sedalia.

He will be in Hot Springs for less than two weeks, waiting reassignment to active duty. The primary function of the Redistribution Station, to assign the returned soldier to the army job for which he is best fitted, will be accompanied in surroundings designed for rest and relaxation. Under these conditions, expert interviewers and classification personnel secure the maximum cooperation from the returnees.

## Symphony's Guest Artist A Violinist

Waldemar Geltech, violinist who will appear as guest soloist with the Sedalia Symphony orchestra Monday night, concluded a European tour just before Hitler attacked Poland.

Mr. Geltech in 1939 was granted a Sabbatical leave from the University of Kansas which he and Mrs. Geltech spent in Europe. For eight months they observed musical conditions and visited musical shrines in Italy, Ugoslavia, Greece, Turkey, Romania, Hungary, Germany, Denmark, Norway and Sweden. They sailed from Bergen one day before the onslaught on Poland which threw the world into war.

Head of the violin department at the University of Kansas, the guest artist has played over 1,300 concerts and is called "The people's violinist" and "the violinist with a message."

### Studied Music and Movies

For two consecutive years Mr. Geltech was chosen to function on a committee, including two representatives from each state, to study the relation of music in connection with the movies with the object of effecting a greater integration between the two.

For four consecutive years he was chosen by the National Federation of Music Clubs to choose the violin selection for the Junior Competitive Festivals sponsored by the federation.

The concert Monday night is the third of the Sedalia Symphony orchestra's tenth season, and will be presented at the Smith-Cotton high school auditorium with Abe Rosenthal conducting.

Mrs. Royal Ragar and Mrs. Victor Ward.

Mrs. Sid Lusk presided over the business session during which year books were read and approved and members of the club accepted an invitation to visit circles of the Sedalia Garden club Friday afternoon.

Mrs. A. N. Baker, in charge of the program, read a paper on "History of Birds."

A dessert course was served.

A special guest was Mrs. Pauline Shepard.

The Sedalia Stephens College club will meet Saturday at 1:30 p. m. for a dessert luncheon at the home of Mrs. Sid Condict, 421 West Seventh street.

Miss Rowena Patterson will be the assistant hostess.

Miss Anna Swaford will give a talk on "Mexico."

## Final Date February 15

The final date for filing report of performance under the 1944 Agricultural Conservation program will be February 15, according to C. E. Ferguson, chairman of the Pettis County AAA Committee. Ferguson explains that the closing date is necessary to permit the work of processing reports of performance and applications for payment to be accomplished within the time that budgetary allowance is made for such work.

Farmers who have not reported the conservation practices they carried out in 1944, should file their reports with the county committee at the AAA office, 209½ South Ohio, Sedalia. Ferguson states that farmers who do not file their reports by February 15 will not be eligible to receive the payments which would otherwise be due for performance under the 1944 program.

# Pfc. Striegel, Ex-Sedalian, Dies in France

## Second Son of Family to Lose Life in Europe

Word has been received in Sedalia of the death of Pfc. Sam Striegel, son of Mr. and Mrs. Sam Striegel, 715 Broadway, Jefferson City, former residents of Sedalia. He is the second son of Mr. and Mrs. Striegel to lose his life during foreign service with the United States army, his brother the late Major Paul C. Striegel being shot down near Italy on September 2, 1943.

Information received from the war department by Mr. and Mrs. Striegel was that he died in France January 15, but no other information has been received.

Pfc. Striegel had been overseas for some time. He was inducted in July, going first to Camp Wallace, Texas, for training in anti-aircraft artillery, later he trained at Camp Bliss and Camp Kilmer. He was first based in North Africa when he went overseas, after which he saw action in the Italian theatre of war, and was in Sicily at the time his brother was killed. Six months ago he was moved to France.

### No Mention of Being Ill

In writing to his parents he told them where he was located, but at no time did he mention being ill or wounded nor had his parents ever received notification that he had been prior to the message received several days ago.

He was 29 years old, born in Jefferson City, April 15, 1915, and for several years lived in Sedalia. His parents moved back to Jefferson City where he was educated in the schools there and graduated from the Capitol high school in 1933. Prior to entering the service he was employed by the Missouri Pacific.

Pfc. Striegel was a member of the Methodist church. Surviving him are his parents and one brother, Gilbert, the latter who is in the forestry service of the government. His father is a conductor on the Missouri Pacific on Streamliners 11 and 12. Word was received in Sedalia of his death by Mr. and Mrs. C. E. Sloan, 311 East Sixth street, uncle and aunt of Pfc. Striegel.

but I will not rest until I burn all of your houses."

Shortly after this incident guerrillas attacked Japanese demolition squads and prevented total destruction of the area.

In one section of the city Chinese guerrillas formed water brigades to check fires in the thickly populated section on the north side of the Pasig river. Throughout the night the long bucket brigades passed water despite continuous sniper fire.

### Much Looting

Buenavista said looting was adding to the city's suffering.

"Not merely furniture, but even walls and floors are being carted away," he said. "It is not an uncommon sight to see men, women and children carrying a plank, a chair and a sheet of galvanized iron roofing."

Historic Malacanang Palace, where Spanish and American governors general and subsequently the Philippine president lived and worked, is still standing in fair condition. Several Japanese shells exploded in the palace yesterday near the former bedroom of the late president Manuel Quezon.

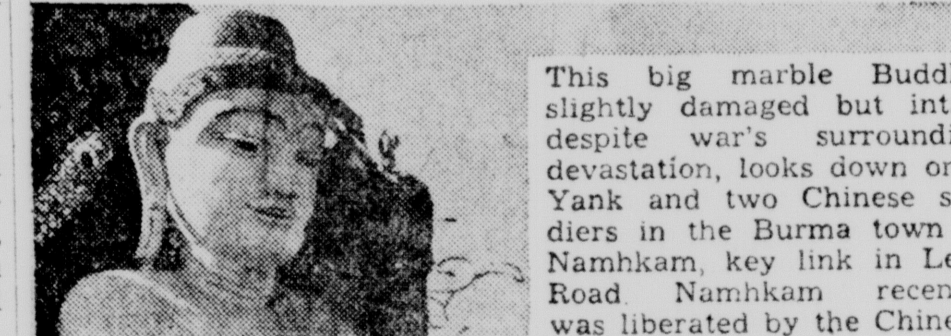

A huge crater gapes near the executive building.

At 2 p. m., yesterday a heavy Japanese barrage pounded Aviles street in front of the palace. The Malacanang guards, a special unit of the Filipino constabulary detailed to guard the palace against all attacks, turned over control to American officers and offered their cooperation.

# Business Report By Federal Reserve Bank

According to the Monthly Review of the Federal Reserve Bank of St. Louis the General business report for December shows debits to individual accounts at banks in Sedalia, Missouri, aggregated \$6,325,000, and were 3 per cent greater than those for the same month last year. These debit figures represent for the most part checks against depositors' accounts in payment of goods, services, and debts, and are considered a good indicator of general business activity.

# Buddha Smiles at Liberators

This big marble Buddha, slightly damaged but intact despite war's surrounding devastation, looks down on a Yank and two Chinese soldiers in the Burma town of Namkham, the link in Ledo Road. Namkham recently was liberated by the Chinese.

# OBITUARIES

### John Friedrich Steffens

John Friedrich Steffens, 72, died early Sunday morning in his home at Cole Camp. He was born October, 1872, and was married to Miss Mary Meyer in 1906. One child born to them, died in infancy.

Surviving are his wife, two sisters, one half-brother, and other relatives. He was a member of the Trinity Lutheran church.

Funeral services were held Tuesday afternoon at the Eickhoff funeral home and the Trinity Lutheran church, with Rev. H. J. Gerike, officiating.

Pallbearers were Gottlieb Boettger, Ben Balke, August Balke, John Chetaski, Henry Intemann, Sr., and Rudy Bohling.

Burial was in the Trinity Lutheran cemetery.

### Mrs. Virginia A. Best

Mrs. Virginia A. Best, 81, found in a semi-conscious condition lying on the floor of her home, 1301 North Engineer avenue, Wednesday morning by neighbors and police, died at 9:25 o'clock that night at the Bothwell hospital.

She did not regain consciousness. Mrs. Best apparently had suffered a stroke several days before and was lying on the floor by a couch where she slept. Uncovered, she was suffering not only from a paralytic condition which affected her entire right side, but also from exposure. Both her feet and one hand were frozen. Fire in two stoves in the house had died out many hours before she was found.

It was believed Mrs. Best had lain where she had fallen by the couch for possibly three days, or longer. She lived alone.

A nephew, M. R. Baylis of Harjo, Okla., was notified of her critical condition, and he sent word he would start for Sedalia today. Later a message reporting her death was sent by the hospital superintendent to the nephew.

The body was removed to the McLaughlin chapel.

Mrs. Best had lived at the North Engineer address for about 40 years.

Mrs. Best was found after Miss Frances Pontius, 1300 North Engineer avenue, a neighbor, failed to see her about her home and called Mr. and Mrs. Glenn Kell, 305 East Jackson street, who went to the home of Mrs. Best with her. When they failed to get a response after knocking on the door they notified the police. Sergeant George Maness and Officers Lester Estes and Aubrey Jordan were called and later Fire Chief John Lueck. They forced their way into the home where they found Mrs. Best lying on the floor beside the couch. She was immediately rushed to the hospital where she was given medical treatment but later died.

### Mrs. Clara Bolton McGhee

Mrs. Clara Bolton McGhee, wife of Lorenzo McGhee, aged 71, died Wednesday at her home, 141 South Cedar, Kansas City. Mrs. McGhee is a former Sedalian.

She was born in Cole county, Missouri. She was a member of the First Baptist church in Kansas City.

Surviving are her husband, two sons, W. E. McGhee and C. E. McGhee, of Kansas City, a brother, Henry Bolton, of Dresden. Another brother, W. W. Bolton is deceased.

Mr. and Mrs. Henry Bolton, Mrs. W. W. Bolton, Mrs. Charles Bolton and Mrs. D. W. Scotten went to Kansas City today to attend the funeral.

# Ben Goodrich Is Found Dead

Ben Goodrich, Negro, was found dead about 10 o'clock this morning at his home 417 East St. Louis street, by Charles Dirck, 209 North Mill street and Will Brady, Negro, 320 East St. Louis street. Police who were notified, officers Lester Estes, Aubrey Jordan and Raymond Fettes, notified Dr. W. T. Bishop, acting coroner, who ordered the body removed to the Ferguson funeral home.

An investigation was conducted and it was believed he had suffered a heart attack.

Goodrich was brought to Sedalia many years ago by the late Charles "Dad" Smiley, Negro, and he was known about town by the nickname of "Major." He was about 62 years old.

He has a brother residing in St. Louis and a sister in Jackson, Michigan.

# Seek Missing Relative Here

Local police have been requested to endeavor to locate the mother of Mrs. Ola Denton, nee Ola Houser, believed to be residing in the Sedalia community. A letter received from Mrs. J. Smallwood, Whittier, Calif., indicated two brothers of the woman may reside in Sedalia and their names are believed to be George and Wesley "Wes" Cox, while their sister's name was Elizabeth Cox Houser.

According to information furnished the local police the woman's name is believed to be "Druer." She had three other children, Annie, Bessie and Marion. Mrs. Ola Denton being the oldest of the four.

Any information regarding her will be appreciated by the police who in turn will notify relatives seeking her location.

# Divorce Petition Filed

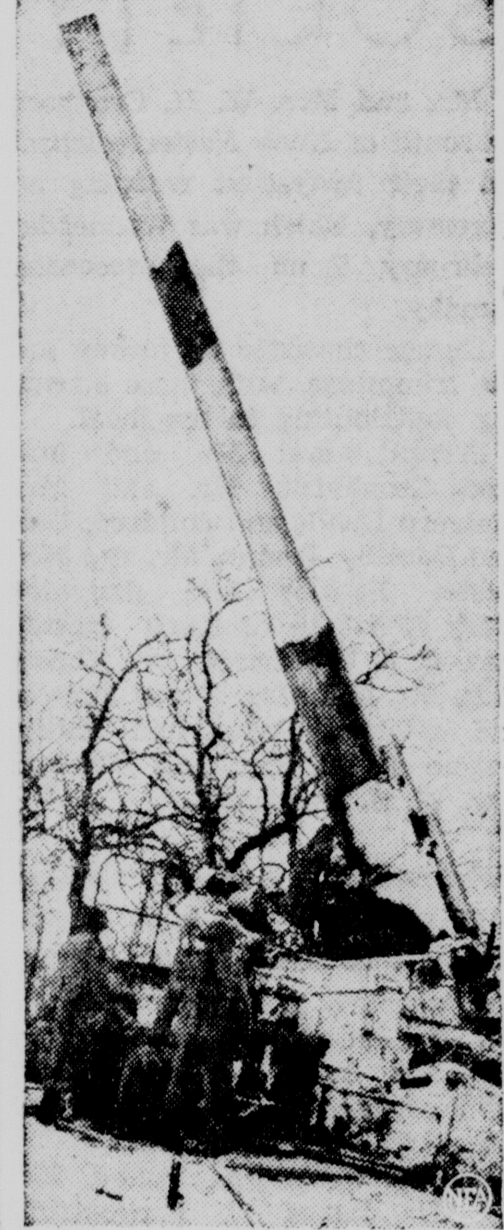

A divorce petition was filed in circuit court Wednesday by Otto L. Meyer from Mildred L. Meyer. General indignities are alleged and the plaintiff asks custody of their three minor children.

George W. Anson represents the plaintiff.

# Edward Young Service

Funeral services for Edward Young, 423 North Stewart avenue, who died early Sunday morning at the Veteran's hospital in Wadsworth, Kas., were held at 2:00 o'clock this afternoon at the Gillespie funeral home. Rev. C. H. Martin of the Pentecostal church of God conducted the services assisted by Rev. Ervin Kelley, Rev.

# Loudspeaker

(Signal Corps photo from NEA) To supplement their own short-range artillery, the U. S. Army has brought in eight-inch Navy rifles for use on the Western Front. The "big boomer" shown above is ready for testing after having been set up in an orchard in France, preparatory to blasting the German Westwall.

# Sid Mabry and Rev. A. M. Crawley

Pallbearers were Roy Kirchofer, Wesley Broyles, Carl Jaroswitch, Fred Miller, John Miller and George Miller.

Mrs. A. M. Crawley, Miss Louise Crawley and Mrs. Opal Kelley sang: "Shadows," "When They Ring the Golden Bells," and "Going Down the Valley."

Burial was in Crown Hill cemetery with the American Legion in charge of the graveside services.

# Students Give Club Program

The proposed constitution of Missouri to be submitted to the voters at a special election February 27 was the theme for discussions by three Smith-Cotton high school students before the Sedalia Kiwanis club meeting in Bothwell hotel Thursday noon.

The three participants were: Lon Klink, Margaret Sneed and Norman Fulton who were introduced by Mrs. Arthur Henze, American Problems instructor in the high school.

Preceding this Kenneth Hunt, representing Abraham Lincoln, appeared and recited the Gettysburg address.

Different sections of the proposed new constitution were discussed by the students with the general observation that after careful study the document should have the favorable support of the people when they vote February 27.

Past President J. H. Brunkhorst was presented with a certificate of recognition of leadership for his service last year. Presentation was made by Past Lieutenant Governor of this Kiwanis district, the Rev. H. U. Campbell.

The Rev. E. F. Abeles, Booneville, present lieutenant governor, was a club visitor.

President Clyde Heynen announced there would be a meeting of the board of directors Friday noon at Kueck's.

# Pfc. H. L. Smith In N. Y. Hospital

Word has been received from the war department by Robert Smith, 1401 South Park avenue, that his brother, Pfc. Hubert L. Smith, formerly of Smithton, is back in the United States after having been overseas for 25 months. He was stricken with malaria fever while in France last September.

Pfc. Smith was taken to a hospital in England then, and is now in Halloran General Hospital, Staten Island, N. Y. Before being in Europe, Smith had served in Africa.

He was inducted into the service July 3, 1942, and has never been home since that time.

### Charles Ratje Merits Award

Mrs. Margaret J. Jannsen, 721 East Sixth street, received the following letter from the commanding officer of her son, T. Sgt. Charles Ratje, who is in Belgium.

"Dear Mrs. Jannsen:

"I have recently had the honor of presenting the Bronze Star Medal Ribbon to your son, Charles. He received this decoration for meritorious service in connection with military operations against the enemy. His devotion to duty and keen sense of responsibility reflects high credit upon himself and the Army Air Forces.

"I take a great deal of pleasure in notifying you personally of his success and to congratulate you, his mother, upon having such a fine son, who is doing so much for his country.

"With warmest personal regards, I am,

### Changing Date Club Meets

The first meeting of the year of the Osage Homemakers club was held, with a contributive dinner at noon, at the home of Mrs. Lee Stevenson.

During the afternoon business session, it was decided that the meeting date of the club would be changed to the third Friday of each month and that each member would take a small hostess gift to

### Spring Suits go Feminine

By Epsie Kinard

#### Pillsbury's INDIVIDUAL MEAT LOAVES

With the baked-in nourishment of Pillsbury's Best

TEMPERATURE: 350° F. Serves 12 TIME: 40 minutes

• 1½ cups ground raw or cooked meat • ¼ teaspoon pepper

• 1 egg • ¼ teaspoon cloves

• ¼ cup chopped onion • 1½ teaspoons salt

1. Combine meat, egg, onion, and seasonings. (If using cooked meat, moisten with about 3 tablespoons fat or drippings.) 2. Turn into medium-sized greased muffin pans, filling about ¾ full. 3. Cover with the following:

CLOVE BISCUITS • 2 cups sifted PILLSBURY'S BEST ENRICHED FLOUR • ½ teaspoon salt

• 3 teaspoons baking powder • ¼ cup shortening • ¼ cup milk

1. Sift dry ingredients. 2. Cut in shortening until mixture resembles coarse meal. 3. Add milk all at once, stirring only until flour is dampened. 4. Drop by spoonfuls over meat. 5. Bake in moderate oven (350° F.) until done. Serve at once with tomato sauce.

## Clever Contrast is Spring Theme

By Espie Kinard  
NEA Staff Writer

NEW YORK — Like jive pianists swinging Chopin or Brahms, dress designers play their variations on the wartime's classically simple silhouette with bustles, swag drapes, tango tunics, midriff wrappings. These and plenty of other creative devices make the silhouette mutable and prove that designers are anything but stymied by L-85 restrictions.

## Using Bones

Thrifty cooks for generations have used left-over meat bone to make soup. Few homemakers have realized that by using bones they might add some of that important mineral, calcium, to the family meal. If some acid as tomato juice or vinegar is added to the water, the bones are cooked and calcium is dissolved. One of the favorite dishes of the Chinese, sweet-sour spareribs, furnish a good portion of calcium. They cut the spareribs in small pieces and then cook them in diluted vinegar until the bones are soft enough to eat like the meat. The sugar is added to offset the very sour taste. Soy sauce may be added to give flavor and brown color. The American dish of pickled pigs' feet is another good example. Feet may be cooked in acid to soften the bones and they can be eaten along with the feet and more calcium added to the diet. It is difficult to get enough calcium in the diet unless one drinks milk regularly.

## Use Peanut Butter Spread

One way to share dairy butter with our fighting men and to add variety to our meals is to use peanut butter not only for a spread but also in cooking, especially for such scalloped dishes as cabbage, potatoes, or tomatoes, and in quick breads as muffins and biscuits. Using peanut butter for all the fat in plain cake cakes and in simple sugar cookies adds to their food value and gives a very pleasing flavor. Delicious drop cookies can be made by using ½ cup peanut butter, ½ cup sugar, 1 egg, 1 cup flour, 2 teaspoons baking powder, and ½ cup milk. Peanut butter frosting made by cooking 1 cup sugar, 1 egg white, 2 tablespoons peanut butter, and 4 tablespoons water, over boiling water for about 12 minutes, beating constantly is excellent when used on a cottage pudding or on a freshly baked one-egg cake.

**War Relief Benefited From Major Leagues**

CHICAGO, Feb. 8—(P)—The last three world series have raised \$1,062,918 of the \$2,630,460 contributed to war relief by baseball's major leagues in three wartime seasons, Earl Hilligan, of the American league service bureau, disclosed yesterday.

Last season the all-star game in Pittsburgh yielded \$81,275 to the fund for supplying service teams with baseball equipment to which was added \$25,000 from the two leagues and the commissioner's office and the \$25,000 radio fee.

In the three year span, Hilligan said, the American league raised \$595,384 while the national league contributed \$565,784.

**Jimmy Foxx Plans Comeback**

PHILADELPHIA, Feb. 8—(P)—Jimmy Foxx, one of the greatest home run hitters of all time, plans a serious comeback this year — at the age of 37.

And it may be with the National league Phillies.

Within ten pounds of his best playing weight and imbued with the same enthusiasm he had 20 years ago when he first reported to the Athletics, Foxx stopped off at the Phillies' office yesterday and asked General Manager Herb Pennock whether he'd be interested in a good first or third baseman.

They had a long conference, behind locked doors.

When it ended, Pennock refused to comment, but Foxx said he wanted a last crack at the majors. "I'm not through," he said.

**Sports Roundup**

NEW YORK, Feb. 8—(P)—If the national football league wants to get rid of a few weak clubs, Chick Meehan would be glad to have them. . . . Apparently shut out of Yankee stadium with his trans-America league, Chick has been looking for new fields and listening to two questions: (1) That there still is room for another major grid league and (2) That the 11-club National league is unwieldy. . . . A solution would be for the National to whittle itself down to eight clubs and give the overflow to Meehan to combine with his best five. . . . That would virtually shut out all other rivals, enable each circuit to play a home-and-home schedule with a real "world series" at the end and make for more profitable exhibitions. . . . "If the National league wants to appoint a committee to stabilize pro football, I'll talk it over and take any clubs they name," says Chick. "But that solution is just too sensible to be considered."

**One Minute Sports Page**  
Sid Mercer, dean of the New York baseball writing clan, is dangerously ill. . . . Sign of spring: The National Baseball Congress reports the organization of a six-club sandlot league around Stockton, Calif.

Joe Beiner, the old Redskins tackle who went through two operations to qualify for the Marines, has been hospitalized somewhere in the south Pacific and his folks expect him back soon. . . . Erwin Rudolph, five-time world billiards champ, was more than a little embarrassed on a recent visit to Fort Benning, Ga., when he dropped two of three matches to Cpl. Don Willis. . . . A few weeks before Capt. Waddy Young, former Oklahoma end, was shot down on a raid over Japan, he wrote for the names of the Japanese university wrestlers who had visited Oklahoma several years before. "I might need to talk my way out of that country sometime," he explained.

**Connie Mack Says MacPhail a Stimulant**

LOS ANGELES, Feb. 8—(P)—The 82-year-old boss of the Philadelphia Athletics, Connie Mack, is regarded as a conservative member of the old school of baseball, but he believes the advent into the American league of the flamboyant Larry MacPhail is a stroke of good luck.

MacPhail, says Connie, is going to keep the rest of the league on its toes.

"I'm a great admirer of Col. MacPhail," the veteran tactician said during a fanning bee with a group of baseball men. "He did a great job at Cincinnati and at Brooklyn. I'm glad to see him in with the Yankees. He can keep interest in baseball at white hot pitch. He really put night baseball across, and so do his teams."

Mack said he is completely in accord with the major leagues' decision to retain the commissioner system.

**Navy Playing With Big Time Ball Players**

**Should Baseball Fold Service Teams Would Continue to Play**

SAN FRANCISCO, Feb. 8—(P)—Major league baseball probably won't fold this year — but even if it should, they'll still be playing big time baseball in the U. S. navy.

Louis Leong Hop, new sports editor of the Honolulu Star-Bulletin, notes that an additional 24 former major and minor league ball players have arrived in the Hawaiian area for naval duties. This makes 48 players now stationed there.

The navy wallowed the army in the servicemen's world's series late last year. Naturally, the navy wants to retain this honor. Read over its list of recent arrivals who have a baseball background.

Pitchers — John Rigney, Chicago White Sox; Lou Tost, and Jim Trexler, Boston Braves; Bob Klingner, Pittsburgh Pirates; Lou Ciole, Philadelphia Athletics; Mike Budnick, Seattle Indians; Mike Marino, Tulsa; Max Wilson, Portsmouth.

Catchers — Bennie Huffman, St. Louis Browns.

Infielders — Nanny Fernandez, Braves; Billy Herman, Brooklyn Dodgers; Elbie Fletcher, Pirates; Connie Ryan, Braves; Al Glossop, Chicago Cubs; Merrill May, Philadelphia Phillies; John McCarthy, Braves; Frank Juliano, Browns; Tom Carey, Boston Red Sox; Fred Chapman, Athletics; Ed Roginson, Cleveland Indians; Sherod Robertson and Mickey Vernon, Washington Senators; Bob Blattner, New York Giants; Gil Brack, Phillies.

Outfielders — Max West, Cincinnati Reds; Glen McQuillen, Browns; Gene Woodling, Cleveland; Steve Tramback, Oklahoma City; Bernie Lutz, Elmira.

Navy baseball intelligence must have heard some alarming reports from the army front because its roster before the new arrivals including names calculated to make any major league manager leap into the air in heel clicking ecstasy. Skimming the old list:

Pitchers, Schoolboy Rowe, Detroit Tigers; John Vander Meer, Reds; catchers, Bill Dickey, Yankees; George Dickey, White Sox; outfielders, Johnny Mize, St. Louis Cardinals;weeney Reese, Dodgers; Outfielders, Barney McCoskey, Tigers, Jim Carlin, Phillies.

These formed the nucleus of a championship navy club. What will the new one be like?

**Hughesville Loses Two to Calhoun**

The Hughesville town team last week saved the basketball face of Hughesville when the Town Team won in an overtime period game from the Calhoun town team 19 to 17, as the two Hughesville school teams dropped their games.

The town teams of Hughesville and Calhoun battled through four exciting quarters to end the regulation time of the game in a deadlock, 17 to 17. In the extra time period Hughesville succeeded in scoring two points and kept Calhoun from the scoring basket.

In the high school game the Hughesville team lost its contest 28 to 38 to Calhoun high. McCarty was high scorer for Hughesville with ten points and Wiley of Calhoun high man for his team and the game with 22 points.

The grade school game was won by Calhoun 29 to 23, with Das Conway high scorer for Hughesville with eight points while Hudson of Calhoun was high point man for his team with eleven points.

Memorial For  
Pfc. R. J. Cowell

Memorial services will be held for Pfc. Robert Joseph Cowell, at the Baptist church, Stover, Mo., Sunday, February 18, at 2:30 o'clock.

Cowell was killed in action at Metz November 11, who, with the 95th Infantry division, spearheaded Metz, under General Patton's third army.

He took his training at Camp Swift, Texas, and Camp Sam Houston, Texas, going to Shreveport, La., for maneuvers. From there he was sent to the state of California for desert training, from there to Pennsylvania and New York, and then overseas in August, 1944. He entered the service in July, 1942.

His only brother, Cpl. Harry M. Cowell is somewhere in Germany in the first army field artillery as a radio operator. His mother, Mrs. Cleo Cowell and a sister, Mrs. Sarah Kathryn Hughes, reside at Stover, Mo., and an uncle, Eugene Grace, lives at 1517 East Fourth street, Sedalia.

Bryson P. T. A. Holds  
Regular Meeting

The Bryson Parent Teachers Association held its regular monthly meeting on Feb. 2, at the school house. Mrs. Earl Hinken presided over the business session and made several announcements.

Mr. and Mrs. Ross Marshall and Mrs. Hinken gave a talk on the proposed new constitution of Missouri particularly emphasizing the sections the P. T. A. is sponsoring.

Refreshments of pie and coffee were served.

Essay Contest  
For Pettis  
Rural Schools

Sponsored by  
American Legion  
Auxiliary

The American Legion auxiliary of Pettis County Post No. 16 voted Monday night at its regular monthly business session to sponsor an essay contest in the rural schools of Pettis county.

The subject, already approved by C. F. Scotton, superintendent of county schools, for seventh and eighth grade pupils is "Thomas Jefferson—His Contribution to Democracy." State and national prizes have been offered for winning essays in each field and the unit here is offering \$2.50 for the best essay submitted to this group, with \$1.50 for the second best. Mrs. Cecil Glenn, chairman of this committee, is offering a personal award of \$1.00 for the essay rated as third in the unit competition.

The best essay will be submitted to the state competition. Mrs. L. V. Morris was elected historian for the unit following the resignation of Mrs. R. R. Bates, who is moving from this territory.

Message From Commander  
A message was read from the national commander of the American Legion, Edward N. Scheibler, asking the wholehearted cooperation of the auxiliary in backing the program of the Legion in regard to post-war plans and care of veterans.

Two local women were announced as chairmen for district committees by Mrs. Ira K. Espe, president. Mrs. A. R. Beach will be in charge of selecting the representative for Girls' State this year as well as bringing this work to the attention of other sponsoring organizations. Mrs. Herman Myers is continuing as publicity chairman which includes radio and national news schedules.

A report of group trips to SAAF made last week were given by participating members who found both trips educational and interesting.

The unit agreed to approve and support the national auxiliary's 1945 War Bond program whereby they hope to purchase two B-29 Superfortresses to speed the "Wings Over Tokio" plan.

Food Products  
Bill Held Over  
For Hearing

Proposed Bill  
Would Require  
Name on Labels

JEFFERSON CITY, Feb. 8.—(P)—Denounced as a bill which would increase food costs, a measure to require all beverages and canned or packaged food products to carry a professor's registry number, was held over for a new hearing by the house health committee.

Rep. Frank Mashak (D), St. Louis, author of the bill, explained it was meant to enable consumers to sue manufacturers for damages if they sold contaminated or poisoned products.

The bill would require all canned and packaged food, food products, or soft drink beverages to bear a registration number of the manufacturer regardless of the state in which it was processed.

Will Ban State  
"If you pass this bill nationally known manufacturers won't ship their products into this state," asserted J. W. Stevens, St. Louis, representing Missouri individual retail grocers and meat dealers.

"Millions of labels now printed will be worthless and reprinting and relabeling will mean loss of more manpower and wastage," he said.

Mark Braun of St. Louis, representing the American vanguard association, declared, "Other states will pass similar laws against Missouri products and we'll wind up by having 48 state registration labels on a one-ounce bottle of vanilla."

With both the Democratic and Republican floor leaders shooting at it, a plan aimed at letting 18-year-old Missourians vote was smothered under a lopsided voice vote in the house yesterday.

The resolution to submit to the voters a proposed constitutional amendment to lower the voting age from 21 to 18 was introduced by Rep. R. H. Ridenhour (R), Osage county, who told the house that "persons of 18 are better informed on how to vote than we were when we were 30."

But Rep. Roy Hamlin of Marion county, Democratic floor leader, argued school teachers and parents would "greatly influence the vote of these high school kids" and Rep. Randall Kitt of Livingston county, Republican floor leader, declared 18-year-olds are "not mature enough to vote."

## In the Service

George Cooper of Longwood, has received a letter from his son, Pvt. George Cooper, Jr., saying that he had arrived safely somewhere in Italy.

Pvt. Cooper entered the service May 6, 1944 and received his training at Camp Robinson, Ark., and Camp Swift, Tex.

Pvt. Cooper is a brother of Staff Sgt. Roy V. Cooper, who was killed in action on Leyte island, December 1.

## Wed By Judge Harlan

## Masonic Notice

Sedalia Chapter No. 18, R. A. M., will meet in stated convocation on Thursday evening, Feb. 8, at 7:30 o'clock. All Royal Arch Masons are invited to attend. Bryan Howe, H. P. J. P. Hurt, Sec'y.

Head of Farm  
Bureau for  
New State Law

"If I were to summarize the reasons which have earned the support of the Pettis County Farm Bureau for the proposed new constitution on which Missouri will vote February 27, I should list them as follows, says Olen Monsees, president of the Pettis County Farm Bureau. I've made no effort to list them in the order of their importance, but just put them down as they occurred to me."

I know personally a number of the members of the Constitutional Convention and value their judgment. They support the proposal.

The new document is not perfect. Very few things are, but the sum total of the things I approve far outweighs the sum total of those concerning which I may have a little doubt."

The document officially recognizes agriculture.

It provides for a consolidation of departments, bureaus and commissions. The number will shrink from 70 to 14. That means economy and efficiency in administration.

It takes the Department of Education out of politics and makes possible continuity of policy and program.

No Secret Sessions  
It does away with secret committee sessions in the legislature. Bills in which there is genuine interest will no longer die in committee.

It abolishes the fee system with its attendant temptation.

It improves the court system. It sets up one department of revenue to collect all taxes. That work is now scattered through 10 departments.

It improves the tax system. It widens the scope of the merit

system. It changes the reform schools into training schools.

It removes all discrimination against women.

In short, it is a better document than our present constitution, and Missouri can look forward to years of progress under it.
